Restrictive covenants in a plan

Section 91A Transfer of Land Act 1958

The conditions set out in the Small Lot Housing Code (SLHC) apply to any allotment marked with a '▲' on the building envelope plan. All allotments on this plan denoted with a '▲' on the building envelope plan are to be considered either Type A or Type B allotments.

3. Text of Restrictions

The matters which are restricted by the approved building envelopes provide for siting and design parameters different from those contained in Part 5 in the Regulations and Clause 54 in the Scheme and are as follows.

3.1 Minimum street setbacks (Regulation 74 and Clause 54.03-1)

A building must be set back from a street alignment in accordance with Regulation 74 (Minimum street setbacks) in Part 5 of the Regulations and Clause 54.03-1 in the Scheme, except as specified below.

A building on an allotment must be set back from a street boundary not less than the distance specified in respect of that boundary on the following relevant building envelope plan.

In the case of corner lots, buildings must be setback a minimum of 2 metres from the secondary frontage street or, if applicable, the minimum distance noted on the relevant building envelope plan.

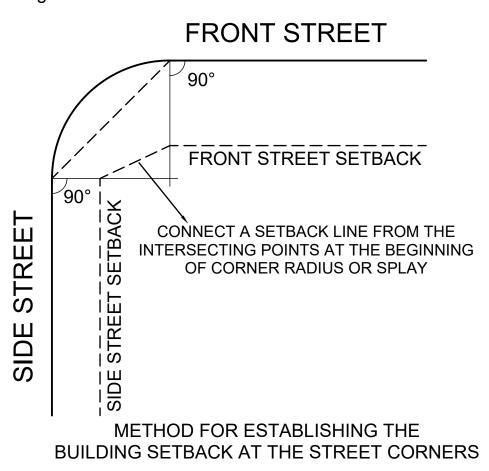

Encroachments:

The following may encroach into the setback distance required above by not more than 1.5m.

- a. Verandahs and porches that have a maximum height of not more than 3.6 metres above the natural ground
- b. Unroofed balconies that have a maximum height of not more than 4.0 metres above the natural ground
- c. Eaves, fascia and gutters
- d. Screens referred to as described in the Building Regulations 2018.
- e. Decks, steps or landings less than 800mm in height

Diagram: Splayed and Curved Street Frontages

Unless noted on the plan, the minimum front setback on a splayed or curved street frontage must be taken in an arc connecting the front street setback line to the side street setback line commencing at the points that are perpendicular to the points where the street alignment commences to arc.

91ATLA V3

PAGE 2 OF 11

Restrictive covenants in a plan Section 91A Transfer of Land Act 1958

A garage on an allotment must be set back not less than 5.0 metres from the front street boundary of the allotment and must be set back not less than 0.5 metres behind the front building line (excluding encroachments) of the dwelling.

The height of a building on a lot must not exceed 10.0 metres unless the slope of the natural ground level at any cross section wider than 8 metres of the site of the building is 7.5 degrees or more, in which case the maximum building height should not exceed 12.0 metres.

3.3 Site coverage (Regulation 76 and Clause 54.03-3)

The site area covered by buildings on an allotment must be in accordance with Regulation 76 (Site coverage) in Part 5 of the Regulations and Clause 54.03-3 in the Scheme, or the maximum site coverage as specified in the schedule to the zone.

Restrictive covenants in a plan

Section 91A Transfer of Land Act 1958

A garage with access facing the side street boundary of a corner allotment must be set back at least 0.5 metres behind the side street building line of the dwelling.

Carports may be built on or within 200 millimetres of a side street boundary if the side of the carport facing the boundary is open.

Edge lots are not beneficiaries of the restriction described in 3.4 above.

3.5 Walls on boundaries (Regulation 80 and Clause 54.04-2)

Walls constructed on a boundary must be in accordance with Regulation 80 (Walls on boundaries) in Part 5 of the Regulations and Clause 54.04-2 in the Scheme, except as specified below.

The height of a wall or carport of an allotment must not exceed a maximum height of 3.6 metres unless abutting a higher existing or simultaneously constructed wall.

Edge allotments are not beneficiaries of the restriction described in 3.5 above.

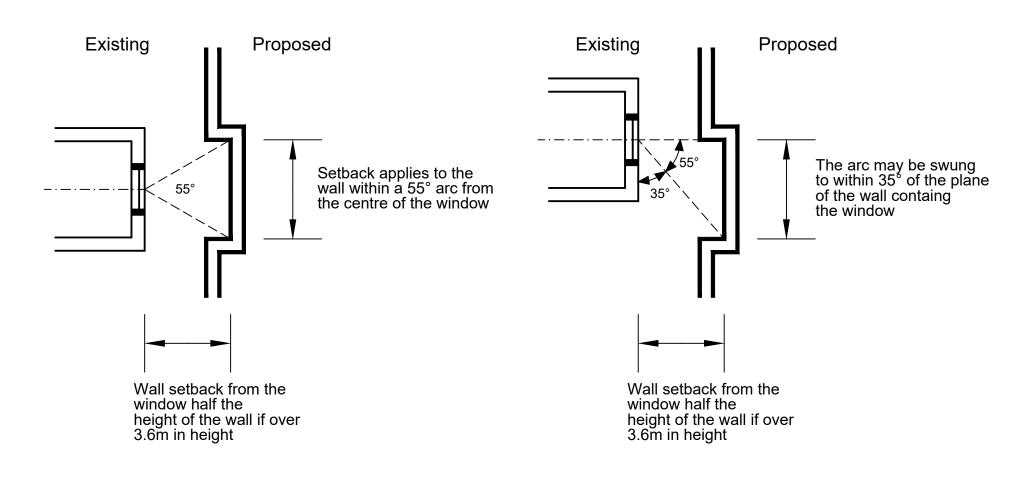

3.6 Daylight to existing habitable room windows (Regulation 81 and Clause 54.04-3)

The provision of solar access to existing north-facing habitable room windows must be in accordance with Regulation 81 (Daylight to existing habitable room windows) in Part 5 of the Regulations and Clause 54.04-3 in the Scheme, except as specified below.

A building must be set back from a habitable room window in an existing building on an adjoining lot to provide for a light court to the existing window that has a minimum area of 3 square metres and a minimum dimension of 1m clear to the sky. The area of the light court may include land on the adjoining lot.

A wall or carport with an average height of more than 3.6 metres opposite a habitable room window in an existing dwelling on an adjoining lot must be set back from the window at least half the height of the wall or carport, if the wall or carport is within a 55 degree angle in the horizontal plane about a vertical axis through the centre of the window. The angle may be swung to not less than 35 degrees from the plane of the wall containing the window.

This is illustrated in the two diagrams below.

Restrictive covenants in a plan Section 91A Transfer of Land Act 1958

If the existing habitable room window is above the ground level, the wall or carport height is measured from the floor level of the room containing the window.

Daylight to habitable room windows in buildings on lots, which are not beneficiaries of this restriction, is not dealt with by this building envelope except where annotated on the plan.

3.7 Solar access to existing north-facing habitable room windows (Regulation 82 and Clause 54.04-4)

The provision of solar access to existing north-facing habitable room windows must be in accordance with Regulation 82 (Solar access to existing north-facing habitable room windows) in Part 5 of the Regulations and Clause 54.04-4 in the Scheme, except as specified below.

Reference to an existing north-facing habitable room window, in the case of buildings on allotments contained within this MCP, refers to ground floor windows only.

Any north-facing habitable room window at ground level to be constructed in a building on an allotment must be clear to the sky and setback within the building envelope of the north boundary of that allotment.

3.8 Overshadowing of recreational private open space (Regulation 83 and Clause 54.04-5)

Any overshadowing of recreational private open space must be in accordance with Regulation 83 (Overshadowing of recreational private open space) in Part 5 of the Regulations and Clause 54.04-5 in the Scheme, except as varied as a consequence of other restrictions in this MCP.

Edge allotments are not beneficiaries of the restrictions described in 3.8 above.

3.9 Overlooking (Regulation 84 and Clause 54.04-6)

Any overlooking of a habitable room or secluded private open space of an existing dwelling on an adjoining allotment must be in accordance with Regulation 84 (Overlooking) in Part 5 of the Regulations and Clause 54.04-6 in the Scheme, except as varied as a consequence of other restrictions in this MCP.

This requirement applies to any habitable room window, balcony, terrace, deck or patio of a dwelling on an allotment within the specified overlooking control area (as indicated in the relevant height and setback profiles) that has direct views into an adjoining allotment.

Edge allotments are not beneficiaries of this restriction described in 3.9 above.

3.10 Private open space (Regulation 86 and Clause 54.05-2)

A dwelling on an allotment must provide private open space as specified in Regulation 86 (Private open space) in Part 5 of the Regulations and Clause 54.05-2 in the Scheme.

A dwelling on an allotment marked with a '▲' on the building envelope plan must provide private open space in accordance with the SLHC.
