

Masterplan

Brookfield Lakes is intelligently designed around the Brook, which weaves through the spine of the estate, creating a stunning vantage point for residents to enjoy. Brookfield Lakes is an estate curated for easy living connecting residents to all the amenities within and around the precinct.

The estate will ultimately be home to 412 residences over 13 stages with 30 hectares of beautiful open space, alongside an activity centre, retirement village, parks, walkways and golf course. Brookfield Lakes will provide highly sought-after living with the retainment of native trees and plants in harmony with significant proposed landscaping, pedestrian linkages and the gently winding Brook.
