

Masterplan

Brookfield Lakes is intelligently designed around the Brook, which weaves through the spine of the estate, creating a stunning vantage point for residents to enjoy. Brookfield Lakes is an estate curated for easy living connecting residents to all the amenities.

The estate will ultimately be home to
412 residences over 13 stages with 30 hectares
of beautiful open space, along side an activity centre,
retrement village, parks, wilkleways and golf course
Brookfield Lakes will provide highly sought-after living
with the retainment of native trees and plants in harmony
with significant proposed landscaping, pedestrian
linkages and the gently winding Brook.
