DESIGN GUIDELINES

As one of the biggest investments in life, your home is more than just bricks and mortar.

It's fertile ground for your dreams and that special place where you plant the seeds of a happy and prosperous future. At Grace, we want to help you realise those dreams and ensure your investment thrives and flourishes.

This is why this high-quality estate has a set of practical, reasonable and carefully considered design guidelines that are in place to protect the integrity and reputation of your Grace address for years to come.

DEVELOPED BY

MARKETED BY

Designed for liveability

We understand that everyone's idea of style and good design is different.

While most builders and architects will easily be able to achieve your ideal design within these guidelines, there may be instances where a minor deviation from these conditions is permissible at the absolute discretion of the Grace Design Review Panel.

The Guidelines

The following guidelines must be adhered to by all homeowners, architects and builders who wish to build a dwelling at Grace, unless express written consent to deviate from these design guidelines has been given by the Grace Design Review Panel.

LOTS WITH AN AREA OF LESS THAN 300M²

- In addition to these design guidelines, the small lot housing code is applicable for these lots
- Some requirements of these design guidelines do not apply to dwellings on these lots
- Dwellings on these lots shall be designed to comply with all applicable requirements of these design guidelines, however special consideration may be given for areas of non-compliance. Approval is at the discretion of the Grace Design Review Panel

USE OF LAND

- Two or more lots may not be consolidated
- Your dwelling’s primary frontage must face or address the road, a laneway or an open space
- On a corner lot, your home must face both the front and secondary street frontages and each façade must be of the same design character
- Architectural features such as façade materials, window designs and verandahs used on the front facade must continue on secondary frontage where it is visible to the public

SITE AND SERVICING

- Your new home must:
 - Include fittings and connections which allow toilets and gardens to be flushed and/or irrigated by recycled water
 - Be cabled and equipped with fibre cabling in accordance with the specifications nominated by NBN Co from time to time
 - Meet all applicable requirements of the National Construction Code’s legislative energy efficiency standards, and
 - Be set back from your lot boundary as required under the Victorian Building Regulations 2006

HOME EXTERIORS

- Your home must include a front verandah, portico, porch or other entrance feature which is clearly visible from the street and consistent with the design of the dwelling
- Designs should be in keeping with the character of a modern, boutique address and must not attempt to reproduce period styles such as Colonial, Federation, Georgian or Art Deco

Façades

- The façade of your home must include at least two different material finishes, each of which must cover a minimum of 30% of the façade
- The front façade finishes must also continue for at least one metre around the sides of your home (excluding parapets)
- The design of your front façade must not be inherently similar to that of the next two homes to the left and to the right of your lot, or the dwelling across the road from your lot
- Colours chosen for roof tiles, brick faces, façade materials, accents, and architectural features must complement the base colour palette, and not contrast with it

Accent colours can be used as highlight elements to help articulation but must complement, not contrast, with the base colour palette.

Windows & frames

- Window frames and glazing must complement the façade colour and the overall colour palette of the dwelling and not contrast with it
- Windows must not contain leadlight or stained glass features

Roof & overall height

- The height of your home must be no more than 8.5 metres from the natural surface level
- Your roof must be:
 - At a pitch of at least 22 degrees (if pitched)
 - Constructed out of metal-sheet roofing or roof tiles
 - Only in a colour from the Colourbond contemporary range (or a similar colour)

Garage

- Before moving in to your home, you must make sure your garage is roofed and enclosed
- The garage must be set back a minimum of 840 millimetres from the main building line of the dwelling
- Your garage door or opening must take up no more than 40% of the width of the lot
- Provide a sectional or tilt panel garage door that is either:
 - In the same colour scheme as that of your house, or
 - Finished with a wood grain or timber panel

Outbuildings & attachments

- All outbuildings and attachments – including any garage, workshop, garden shed, storage shed, heating and cooling systems, antennae and satellite dishes, washing lines, solar units and hot water services or other outbuilding – must be:
 - Less than 20 square metres in area
 - Less than 3.6 metres in height
 - Placed so they cannot be seen from any street or private open space area of any other lot or from any public open space, and
 - Constructed only from materials or finishes, and in a style or colours, which are consistent with the main dwelling

Fences

- Your front fence must:
 - Be 1.2 metres high or less
 - Have a transparency of at least 50 per cent unless the front fence is less than 0.7 metres in height, in which case it may be solid
 - Be consistent with your home's design in relation to style, materials and colours
 - Only be constructed from timber slats or masonry pillars with metal infill panels, and
 - Not include mock Victorian, Edwardian or other heritage detailing
- Side and rear fencing must:
 - Be constructed only out of timber paling
 - Be 1.8 metres in height (except where there is a front fence)

- You may only erect side fencing that extends in front of the building line if a front fence has been installed. In such cases, the additional side fencing must be 1.2 metres in height
- On a corner lot, any fence built to a secondary boundary which is a street or public space, must:
 - Return a minimum of 2 metres behind the front building line
 - Be timber paling feature fencing, and
 - Be 1.8 metres in height

Retaining Walls

- Retaining walls and structures between your home and a street or public space must be 1.2 metres in height or less
- The vertical face of a retaining wall that can be seen by the public must be made from a material that complements the character of your home and may include:
 - Natural or hewn stone
 - Rendered masonry
 - No timber or gabion (rock-filled mesh) type retaining walls allowed

Side & Rear Paling Fencing

Paling Feature Fencing

Driveways

- Only one vehicle crossover to your lot is permitted
- Your driveway must be:
 - No wider than 3.5 metres
 - Completed before you move into your home
 - Constructed using only coloured concrete (not stamped or plain concrete), and
 - In a colour that's consistent with the materials and finishes of your home

Front yards & gardens

- Your front yard must be landscaped within 3 months from the date you were issued the occupancy permit for your house
- Your letterbox must be located and constructed to Australia Post standards and in a way that complements the character, materials, colour, style and design of your home
- Weeds and grass must be maintained and not allowed to grow excessively
- All rubbish must be stored in an appropriately sized skip or bin and not allowed to accumulate or remain unsecured on your lot

Building Materials

- All building materials must be delivered and stored fully on your property and may not be placed on the nature strip or outside the boundary of your lot
- During construction, you must ensure that construction rubbish or other rubbish does not move from your lot to other lots
- Trade and/or delivery vehicles are not to be parked on footpaths, verges, nature strips or park reserves or in any location which hinders overall development construction

PROCESS

1. Work with your chosen builder and/or architect to design a new home that fits your needs and meets the requirements of the Grace Design Guidelines
2. Complete your application online, by simply visiting <http://gracetarneit.com.au/application-form> and uploading required documentation
3. The required documents include:
 - a. A copy of the site plan
 - b. Floorplans (A3 size)
 - c. Roofplans and elevations, including all ancillary items (A3 size)
 - d. Clearly annotated schedule of colours (with sample images)
 - e. Clearly explained list of materials to be used (with images)
4. Once the Grace Design Review Panel has assessed your submission, the Panel will notify you of its decision
5. If the Panel requires you to make amendments, you are to discuss these with your builder and/or architect and submit your new or amended designs to the Panel
6. Upon receiving design approval from the Panel, apply to Wyndham City Council or private building surveyor for your building permit
7. When you have received your building permit, notify your builder that it's time to start creating your new, dream home

 - iv. of materials other than timber slats or masonry pillars with metal infill panels;
 - v. with mock Victorian, Edwardian or other heritage detailing;
- (g) build or allow to be built any side or rear fencing:
 - i. of materials other than timber paling;
 - ii. other than 1·8 metres in height (except where there is a front fence);
- (h) build or allow to be built any side fencing which extends in front of the building line unless a front fence has been installed, which additional side fencing must be 1·2 metres in height;
- (i) on a corner lot, build or allow to be built any fence to a secondary boundary which is a street or public space:
 - i. which does not return a minimum of 2 metres behind the front building line;
 - ii. of materials other than timber paling feature fencing;
 - iii. other than 1·8 metres in height;
- (j) on a corner lot, build or allow to be built any dwelling where the home design does not address both the primary and secondary street frontages and be of a consistent architectural design. Design elements (such as verandahs, detailing, feature windows & materials) used on the primary frontage must continue on that part of the secondary frontage visible from the public realm;
- (k) build or allow to be built:
 - i. more than one vehicle crossover to the Lot;
 - ii. a driveway exceeding 3·5 metres in width;
 - iii. a dwelling which is occupied before completion of the driveway;
 - iv. a driveway constructed of stampcrete or plain concrete;
 - v. a driveway of a color which is inconsistent with the materials and finishes of the dwelling;
- (l) build or allow to be built:
 - i. any retaining structures greater than 1·2 metres in height between a dwelling and a street or public space;
 - ii. any cut and fill deeper than 1 metre without utilization of planted and landscaped embankments with a maximum 1:3 gradient or a combination of a series of retaining structures with a maximum of 1 metre high steps and planted embankments or terracing;
- (m) allow the front yard of a Lot not to be landscaped within 3 months of the date of issue of the occupancy permit for a dwelling house;
- (n) build or allow to be built a letterbox which is not located and constructed to Australia Post standards, and which does not complement the dwelling house in terms of character, materials, colour, style and design;
- (o) do anything in respect of the Lot in contravention of the planning requirements set out in the precinct structure plan forming part of the Wyndham Planning Scheme;
- (p) allow any rubbish to accumulate or remain unsecured on the Lot unless stored in an appropriately sized skip or bin;
- (q) allow any grass or weeds on the Lot to grow excessively;
- (r) allow any building materials to be delivered or stored on the nature strip or anywhere else outside the title boundary of the Lot upon which the dwelling house is being constructed;
- (s) during construction:
 - i. allow construction rubbish or other rubbish to move from the Lot to other lots; or
 - ii. allow any trade or delivery vehicles to be parked on footpaths, verges, nature strips or park reserves or in any location which hinders overall development construction.
- (t) erect, permit or allow to be erected or to remain erected on the Lot any advertisement, hoarding, sign or similar structure and will not permit the Lot or any building or buildings constructed thereon to be used for the display of any advertisement, sign or notice provided that this restriction shall not prevent the erection of a signboard that the Lot is for sale and shall not prevent the display of the nameplate or light of any medical practitioner, dentist, legal practitioner or other such professional trade or business nameplate.
- (u) allow any plant or machinery or any recreation vehicle or commercial vehicle, (including without limitation a caravan, boat, box trailer, boat trailer, and car trailer but excluding any motor cycle, motor car, motor station wagon or utility or four wheel drive car registered for use on a highway) to be left or parked on the street or on the Lot between the building line and the front boundary (unless either of those occurs during the normal course of business by a visiting trades person) or on the nature strip or footpath.
- (v) Build or allow to be built any dwelling that falls outside the relevant building envelope contained in this restriction without written consent of the responsible authority

The restriction shall expire ten years after the date of registration of this plan.

DESCRIPTION OF RESTRICTION

Except with the written consent of the Transferor and in all other instances with the written consent of each and every registered proprietor of a benefiting Lot on the Plan of Subdivision the registered proprietor or proprietors for the time being of any burdened Lot on the Plan of Subdivision shall not:

- (a) consolidate or allow a lot to be consolidated;
- (b) build or allow to be built on the Lot any dwelling:
 - i. whose primary frontage does not face and address the road or a laneway or open space;
 - ii. without a front verandah, portico, porch or other integral entrance feature which is clearly visible from the street and consistent with the design of the dwelling;
 - iii. where the facade is fully constructed in brick;
 - iv. with less than 2 material finishes on the front facade, each of which must cover a minimum of 30% of the facade;
 - v. where materials incorporated into the front facade do not return a minimum of 1 metre to the sides of the dwelling (excluding parapet construction);
 - vi. with contrasting base, accent, face brick and roof tile colours;
 - vii. with window frames and glazing that contrast and do not complement the facade colour and the overall colour palette of the dwelling;
 - viii. containing any leadlight or stained glass features;
 - ix. whose height is greater than 8.5 metres from the natural surface level;
 - x. without fittings and connections which allow toilets and gardens to be flushed and/or serviced by recycled water;
 - xi. without being cabled and equipped with fibre cabling in accordance with the specifications nominated by NBN Co from time to time;
 - xii. with an identical facade to another dwelling house, unless such dwelling house is separated by a minimum of two dwelling houses in each direction or directly opposite.
- (c) build or allow to be built a dwelling house which does not, prior to occupation, have constructed a roofed and fully enclosed garage:
 - i. setback a minimum of 840mm from the main building line of the dwelling;
 - ii. where the opening occupies 40% or less of the width of the lot; and
 - iii. with sectional or tilt panels in the same colour scheme as that of the dwelling, or finished with a wood grain or timber panel;
- (d) build or allow to be built on the Land any outbuildings (including any garage, workshop, garden shed, storage shed, heating and cooling systems, antennae and satellite dishes, washing lines, solar units and hot water services or other outbuilding) which:
 - i. exceed 20 square metres in area;
 - ii. exceed 3.6m in height;
 - iii. are visible from any street or the private open space of any other Lot on the Plan of Subdivision or public open space; or
 - iv. are constructed from any materials or finishes or in any style or colours which are inconsistent with the main dwelling;
- (e) build or allow to be built any dwelling with a roof:
 - i. if pitched, a pitch of less than 22 degrees;
 - ii. of any material other than steel or masonry; or
 - iii. of any other colour other than from the Colorbond contemporary range or a similar colour;
- (f) build or allow to be built any front fence:
 - i. more than 1.2 metres in height;
 - ii. with less than 50 percent transparency unless the front fence is less than 0.7 metres in height then it may be solid;
 - iii. which is inconsistent with the dwelling on the Lot in relation to style, materials and colours;
 - iv. of materials other than timber slats or masonry pillars with metal infill panels;
 - v. with mock Victorian, Edwardian or other heritage detailing;
- (g) build or allow to be built any side or rear fencing:
 - i. of materials other than timber paling;
 - ii. other than 1.8 metres in height (except where there is a front fence);
- (h) build or allow to be built any side fencing which extends in front of the building line unless a front fence has been installed, which additional side fencing must be 1.2 metres in height;
- (i) on a corner lot, build or allow to be built any fence to a secondary boundary which is a street or public space:
 - i. which does not return a minimum of 2 metres behind the front building line;
 - ii. of materials other than timber paling feature fencing;
 - iii. other than 1.8 metres in height.

The restriction shall expire ten years after the date of registration of this plan.

DESCRIPTION OF RESTRICTION

Except with the written consent of the Transferor and in all other instances with the written consent of each and every registered proprietor of a benefiting Lot on the Plan of Subdivision the registered proprietor or proprietors for the time being of any burdened Lot on the Plan of Subdivision shall not:

- (a) on a corner lot, build or allow to be built any dwelling where the home design does not address both the primary and secondary street frontages and be of a consistent architectural design. Design elements (such as verandahs, detailing, feature windows & materials) used on the primary frontage must continue on that part of the secondary frontage visible from the public realm;
- (b) build or allow to be built:
 - i. more than one vehicle crossover to the Lot;
 - ii. a driveway exceeding 3.5 metres in width;
 - iii. a dwelling which is occupied before completion of the driveway;
 - iv. a driveway constructed of stampcrete or plain concrete;
 - v. a driveway of a color which is inconsistent with the materials and finishes of the dwelling;
- (c) build or allow to be built:
 - i. any retaining structures greater than 1.2 metres in height between a dwelling and a street or public space;
 - ii. any cut and fill deeper than 1 metre without utilization of planted and landscaped embankments with a maximum 1:3 gradient or a combination of a series of retaining structures with a maximum of 1 metre high steps and planted embankments or terracing;
- (d) allow the front yard of a Lot not to be landscaped within 3 months of the date of issue of the occupancy permit for a dwelling house;
- (e) build or allow to be built a letterbox which is not located and constructed to Australia Post standards, and which does not complement the dwelling house in terms of character, materials, colour, style and design;
- (f) do anything in respect of the Lot in contravention of the planning requirements set out in the precinct structure plan forming part of the Wyndham Planning Scheme;
- (g) allow any rubbish to accumulate or remain unsecured on the Lot unless stored in an appropriately sized skip or bin;
- (h) allow any grass or weeds on the Lot to grow excessively;
- (i) allow any building materials to be delivered or stored on the nature strip or anywhere else outside the title boundary of the Lot upon which the dwelling house is being constructed;
- (j) during construction:
 - i. allow construction rubbish or other rubbish to move from the Lot to other lots; or
 - ii. allow any trade or delivery vehicles to be parked on footpaths, verges, nature strips or park reserves or in any location which hinders overall development construction.
- (k) erect, permit or allow to be erected or to remain erected on the Lot any advertisement, hoarding, sign or similar structure and will not permit the Lot or any building or buildings constructed thereon to be used for the display of any advertisement, sign or notice provided that this restriction shall not prevent the erection of a signboard that the Lot is for sale and shall not prevent the display of the nameplate or light of any medical practitioner, dentist, legal practitioner or other such professional trade or business nameplate.
- (l) allow any plant or machinery or any recreation vehicle or commercial vehicle, (including without limitation a caravan, boat, box trailer, boat trailer, and car trailer but excluding any motor cycle, motor car, motor station wagon or utility or four wheel drive car registered for use on a highway) to be left or parked on the street or on the Lot between the building line and the front boundary (unless either of those occurs during the normal course of business by a visiting trades person) or on the nature strip or footpath.

The restriction shall expire ten years after the date of registration of this plan.

DESIGN GUIDELINES

As one of the biggest investments in life, your home is more than just bricks and mortar.

It's fertile ground for your dreams and that special place where you plant the seeds of a happy and prosperous future. At Grace, we want to help you realise those dreams and ensure your investment thrives and flourishes.

This is why this high-quality estate has a set of practical, reasonable and carefully considered design guidelines that are in place to protect the integrity and reputation of your Grace address for years to come.

DEVELOPED BY

MARKETED BY

Designed for liveability

We understand that everyone's idea of style and good design is different.

While most builders and architects will easily be able to achieve your ideal design within these guidelines, there may be instances where a minor deviation from these conditions is permissible at the absolute discretion of the Grace Design Review Panel.

The Guidelines

The following guidelines must be adhered to by all homeowners, architects and builders who wish to build a dwelling at Grace, unless express written consent to deviate from these design guidelines has been given by the Grace Design Review Panel.

LOTS WITH AN AREA OF LESS THAN 300M²

- In addition to these design guidelines, the small lot housing code is applicable for these lots
- Some requirements of these design guidelines do not apply to dwellings on these lots
- Dwellings on these lots shall be designed to comply with all applicable requirements of these design guidelines, however special consideration may be given for areas of non-compliance. Approval is at the discretion of the Grace Design Review Panel

USE OF LAND

- Two or more lots may not be consolidated
- Your dwelling’s primary frontage must face or address the road, a laneway or an open space
- On a corner lot, your home must face both the front and secondary street frontages and each façade must be of the same design character
- Architectural features such as façade materials, window designs and verandahs used on the front facade must continue on secondary frontage where it is visible to the public

SITE AND SERVICING

- Your new home must:
 - Include fittings and connections which allow toilets and gardens to be flushed and/or irrigated by recycled water
 - Be cabled and equipped with fibre cabling in accordance with the specifications nominated by NBN Co from time to time
 - Meet all applicable requirements of the National Construction Code’s legislative energy efficiency standards, and
 - Be set back from your lot boundary as required under the Victorian Building Regulations 2006

HOME EXTERIORS

- Your home must include a front verandah, portico, porch or other entrance feature which is clearly visible from the street and consistent with the design of the dwelling
- Designs should be in keeping with the character of a modern, boutique address and must not attempt to reproduce period styles such as Colonial, Federation, Georgian or Art Deco

Façades

- The façade of your home must include at least two different material finishes, each of which must cover a minimum of 30% of the façade
- The front façade finishes must also continue for at least one metre around the sides of your home (excluding parapets)
- The design of your front façade must not be inherently similar to that of the next two homes to the left and to the right of your lot, or the dwelling across the road from your lot
- Colours chosen for roof tiles, brick faces, façade materials, accents, and architectural features must complement the base colour palette, and not contrast with it

Accent colours can be used as highlight elements to help articulation but must complement, not contrast, with the base colour palette.

Windows & frames

- Window frames and glazing must complement the façade colour and the overall colour palette of the dwelling and not contrast with it
- Windows must not contain leadlight or stained glass features

Roof & overall height

- The height of your home must be no more than 8.5 metres from the natural surface level
- Your roof must be:
 - At a pitch of at least 22 degrees (if pitched)
 - Constructed out of metal-sheet roofing or roof tiles
 - Only in a colour from the Colourbond contemporary range (or a similar colour)

Garage

- Before moving in to your home, you must make sure your garage is roofed and enclosed
- The garage must be set back a minimum of 840 millimetres from the main building line of the dwelling
- Your garage door or opening must take up no more than 40% of the width of the lot
- Provide a sectional or tilt panel garage door that is either:
 - In the same colour scheme as that of your house, or
 - Finished with a wood grain or timber panel

Outbuildings & attachments

- All outbuildings and attachments – including any garage, workshop, garden shed, storage shed, heating and cooling systems, antennae and satellite dishes, washing lines, solar units and hot water services or other outbuilding – must be:
 - Less than 20 square metres in area
 - Less than 3.6 metres in height
 - Placed so they cannot be seen from any street or private open space area of any other lot or from any public open space, and
 - Constructed only from materials or finishes, and in a style or colours, which are consistent with the main dwelling

Fences

- Your front fence must:
 - Be 1.2 metres high or less
 - Have a transparency of at least 50 per cent unless the front fence is less than 0.7 metres in height, in which case it may be solid
 - Be consistent with your home's design in relation to style, materials and colours
 - Only be constructed from timber slats or masonry pillars with metal infill panels, and
 - Not include mock Victorian, Edwardian or other heritage detailing
- Side and rear fencing must:
 - Be constructed only out of timber paling
 - Be 1.8 metres in height (except where there is a front fence)

- You may only erect side fencing that extends in front of the building line if a front fence has been installed. In such cases, the additional side fencing must be 1.2 metres in height
- On a corner lot, any fence built to a secondary boundary which is a street or public space, must:
 - Return a minimum of 2 metres behind the front building line
 - Be timber paling feature fencing, and
 - Be 1.8 metres in height

Retaining Walls

- Retaining walls and structures between your home and a street or public space must be 1.2 metres in height or less
- The vertical face of a retaining wall that can be seen by the public must be made from a material that complements the character of your home and may include:
 - Natural or hewn stone
 - Rendered masonry
 - No timber or gabion (rock-filled mesh) type retaining walls allowed

Side & Rear Paling Fencing

Paling Feature Fencing

Driveways

- Only one vehicle crossover to your lot is permitted
- Your driveway must be:
 - No wider than 3.5 metres
 - Completed before you move into your home
 - Constructed using only coloured concrete (not stamped or plain concrete), and
 - In a colour that's consistent with the materials and finishes of your home

Front yards & gardens

- Your front yard must be landscaped within 3 months from the date you were issued the occupancy permit for your house
- Your letterbox must be located and constructed to Australia Post standards and in a way that complements the character, materials, colour, style and design of your home
- Weeds and grass must be maintained and not allowed to grow excessively
- All rubbish must be stored in an appropriately sized skip or bin and not allowed to accumulate or remain unsecured on your lot

Building Materials

- All building materials must be delivered and stored fully on your property and may not be placed on the nature strip or outside the boundary of your lot
- During construction, you must ensure that construction rubbish or other rubbish does not move from your lot to other lots
- Trade and/or delivery vehicles are not to be parked on footpaths, verges, nature strips or park reserves or in any location which hinders overall development construction

PROCESS

1. Work with your chosen builder and/or architect to design a new home that fits your needs and meets the requirements of the Grace Design Guidelines
2. Complete your application online, by simply visiting <http://gracetarneit.com.au/application-form> and uploading required documentation
3. The required documents include:
 - a. A copy of the site plan
 - b. Floorplans (A3 size)
 - c. Roofplans and elevations, including all ancillary items (A3 size)
 - d. Clearly annotated schedule of colours (with sample images)
 - e. Clearly explained list of materials to be used (with images)
4. Once the Grace Design Review Panel has assessed your submission, the Panel will notify you of its decision
5. If the Panel requires you to make amendments, you are to discuss these with your builder and/or architect and submit your new or amended designs to the Panel
6. Upon receiving design approval from the Panel, apply to Wyndham City Council or private building surveyor for your building permit
7. When you have received your building permit, notify your builder that it's time to start creating your new, dream home
