WHY CHOOSE LOGAN?

Located in the heart of south-east Queensland, Logan is one of the state's fastest growing regions, with a projected 50% population increase of 548,000 residents over the next 20 years.

This projection has already seen more than \$18 billion of publicly funded projects started so far,

in order to support the booming residential population of what is predicted to be the second fastest growing city in the state.

A number of infrastructure upgrades and developments have also been launched in order to facilitate this growth.
